Season 8 Episode 2 TIR RBR

[Hello from TIRealm!](#) Someday we'll find it, The Realm of Imagination. The Watchers, The Dreamers and Me.

Excerpt—Opening with Jaime standing before the North ripped the band-aid right off. I expected Jaime to apologize for the army not coming. Dany's outrage still appeared misplaced anger towards Cersei, Tyrion and herself. Sansa's addition made sense as she was in King's Landing when Jaime attacked Ned. I expected Bran to back Jaime up but that was a shocker him throwing out "the things I do for love". Brienne did defend Jaime as expected. I loved Brienne saving Jaime in this scene after all they went through. Jon, the Warden of the North, is rightfully concerned with bodies for the fight. Dany did seem a little sad that he didn't back her up and that he walked off avoiding conversation.
